Student Name: Diyan Ali Shaikh

Reg. No: 69961_____

Question 1: [CLO-2]

Create a LinkedIn Profile Summary, which shows that your carrier profile. Your Profile must be in a concise description placed at the top of a CV for highlighting a fresher's skills, qualifications and achievements. You place a profile summary after your contact information, making it the first thing an employer sees in your CV. This summary statement gives the employer a synopsis of your greatest assets right away because it is around two to five sentences.

- ✓ What to Include in a Profile Summary....
 - Experience from internships
 - Extracurricular activities
 - Leadership roles
 - Club or committee memberships
 - Volunteer work
- ✓ After complete this, you need to submit it online cms portal and also need to bring hard copy with yourself to my office for interview.

Submission Date: Two weeks

LINKEDIN PROFILE SUMMARY:

Undergraduate Software Engineering student with hands-on experience in project leadership, team management, and teamwork. Certified in CCEE Web Engineering from NED and actively pursuing Data Science certifications to expand knowledge. Developed essential leadership and communication skills through participation in extracurricular activities and club memberships during my time in university. Eager to apply skills and contribute to the field.
